## Helping you to build the camper of your dreams

# Welcome

TO THE JUST KAMPERS CONVERSIONS CATALOGUE.

Once again we have further expanded our range of interior and conversion parts to bring you our most comprehensive catalogue to date.

Now including glass and accessories for models other than VW it has never been a better time to convert your van with us.

VISIT **JUSTKAMPERS.COM** FOR UP TO DATE PRICES

## Revolutionising the Camper Van finance market

We are pleased to announce that Just Kampers Finance will be live from July 2020.

**Just Kampers Finance is the UK's first independent finance house dedicated to camper van finance. We offer specialist products for classic and modern camper vans and for restorations, conversions and classic cars too.**

Just Kampers Finance will be the UK's first finance brokerage dedicated to classic and modern Camper Vans and Classic Car finance. We can provide finance for purchase or restoration, lending anything from £10,000 upwards.

To be able to do this Just Kampers Finance is a collaboration between Just Kampers and Asset Finance Solutions (UK) Ltd, who have a panel of over 30 lenders to choose from.

Now Camper Van, Classic Car and Motorhome owners can have the best rates and widest choice possible. Rates, depending on your circumstances are likely to be as low as 7.9% (Representative APR).

### EXAMPLES OF TYPES OF FINANCE AVAILABLE:

- **Lease Purchase** - Repayment loan with a balloon payment at the end
- **Hire Purchase** - Simple repayment loan over 2-10 years

**GIVE US A CALL ON 0800 915 6610 OR VISIT [JUSTKAMPERSFINANCE.COM](https://www.justkampersfinance.com)**

Just Kampers is an independent asset finance brokerage not a lender, as such we can introduce you to a wide range of finance providers depending on your requirements and circumstances. We are not independent finance advisors and so are unable to provide you with independent financial advice. Just Kampers may receive payment(s) or other benefit from the finance provider if you decide to enter into an agreement with them.

Just Kampers is authorised and regulated by the Financial Conduct Authority under firm number 719747

## Centre Console Storage Box Unit for VW T5 and T6

**J43339**

This storage unit fits between the two single seats in the cab of either a T5 or T6 Transporter (Will not fit with a double passenger seat).

It is perfect for storing all your personal gadgets such as phones, drinks, loose change etc. Also has a sliding tray so you can hide away anything valuable.

The storage box has Velcro on the underside so that it fits securely on the floor. It is finished in either black or grey with black leatherette and chrome edging.

 **Grey**  
**J42736**

 **Black**  
**J43339**

## JK Exclusive Cup Holder T5 2003 to 2015

**J43368**

This is our solution to the broken factory cup holder.

Made in the UK, exclusively for JK. Double cup holder. Fits T5 and T5.1 Transporters from 2003 to 2015. Finished in powder coated steel. Slots into the factory cup holder and allows you to store two drinks. Still allows access to the 12V socket.

Quick and easy to install with no drilling or cutting required.

## Just Kampers 45 Litre 12v-230v Electric Compressor Cool Box Fridge / Freezer

**J43372**

Our portable fridge freezer is good to -20 degrees below ambient temperature, has separate fridge and freezer compartments, built in low voltage protection and an internal LED light. It doubles as a seat and a table plus it's significantly cheaper than comparable products on the market with a low power drain.

12V and 24V so will run in most cars, vans trucks and buses. Mains powered 100-240v.

Two modes can be set for either ECO Mode or High Speed.

## Leatherette Insulated Bag for T5 and T6 Cab Doors

**J43405**

This leatherette bag can be attached to all VW T5 and T6 cab doors. Uses hook-and-loop fasteners to attach to the door panel. Volume approx. 4.24 litres.

## Retro 51 Litre Cool Box

Retro 51 Litre Cool Box with carry handles and safety catch.

The thermo lined box has a smooth internal lining and drain plug for easy cleaning these can be used to keep food and drinks either cold or hot for 24 to 36 hours.

## DOMETIC

### Dometic CoolMatic CRX50 Premium Compressor Cabinet Fridge/Freezer (48 Litre)

Highly versatile 48 litre fridge. Fits easily into many different camping conversions.

The new Dometic CoolMatic CRX50 features a new, patented Dometic invention, allowing the freezer compartment to be pulled out to make room for a larger fridge. This gives some much needed flexibility during long camping trips.

The intelligent electronic soft touch panel gives you easy control of the compressor speed, and the fan adjusts automatically to the ambient temperature, consuming up to 25% less energy, and ensuring minimal noise.

It also boasts five different temperature settings and two-way battery protection.

As this is Dometic product, you can be sure that this fridge is a sound investment. There's a lot of technology packed into this fridge, and it will allow you to pack in a lot more food and drink on your next trip away.

Please Note: As with all fridges, modifications may be required to fit. Please check dimensions carefully and contact a member of sales for further information if required.

Capacity: **48ltr (includes 4.4ltr freezer)**

Weight: **17kg**

Power consumption:  
**Approx. 40 watts**

Dimensions (WxHxD): **380 x 534 x 500mm**

Voltage:

**This fridge works on 12 volt or 24 volt can be used on 240 volt mains in conjunction with J40440**

**Stainless Steel Finish**

**J19637**

**Black Finish**

**J41268**

### Dometic Flush fitting frame for CRP40 (J18113) and CRX50 (J19637)

**J27733**

### Standard Frame Mounting for CRP 40 (J18113) CRX50 (J19637) And CRD50 (J27735)

**J27735**

## Webasto

### Webasto Cruise Classic CR49 Compressor Cabinet Fridge/Freezer (49 Litre)

The Webasto Cruise Classic CR49 has been specifically designed for use in campervans, where space is always at a premium.

It has a 49-litre capacity with one adjustable internal shelf, featuring a hatch that allows you to stand bottles upright if need be and a door that has two adjustable shelves with retainers. This small Camper fridge also benefits from a 4-litre freezer compartment.

Its 2-inch thick door design features more insulation than other campervan fridges for greater temperature retention, meaning the fridge doesn't have to work as hard or use as much power, to maintain temperature. The door is hinged on the right-hand side.

All this makes the Webasto Cruise Classic the perfect fridge for Volkswagen Split Window Campers, VW Bay Window Campers, Type 25s, T4s, T5s and T6s as well as caravans, motorhomes and boats.

#### Key Features

- 2 Year warranty
- Built-in, silent fan cooled 12/24V Danfoss / Secop compressor (type BD35F)
- Vent-lock system
- 2-inch thick door insulation for low power consumption
- Mounting Frame not included
- Blue LED internal lighting

Capacity: **49ltr (includes 4ltr freezer with door)**

Weight: **16.2kg**

Power consumption: **(W/24h 280)**

Dimensions (WxHxD): **386 x 523 x 450mm**

Voltage:

**This fridge works on 12 volt or 24 volt can be used on 240 volt mains.**

**Stainless Steel Finish**

**J43344**

**Black Finish**

**J43343**

### Webasto Classic Fridge Proud Mount Fitting Frame for Webasto Classic Fridge

### Waeco Mobicool MQ40 12V & Mains Electric Cooler Camping Cool Box Car Fridge J18130

The Mobicool Retro Aluminium MQ40 Cool Box simply looks stunning with its brushed aluminium retro style case, space saving fold away handles, split lid and useful cable tidy compartment enables this cooler to stand out from the rest. Cooling performance up to 20°C below ambient temperature, double fan, and generous insulation helps keep your contents always cold and fresh. Powered by 12/230v dual voltage system makes this cooler ideal for camping or for in the home or office.

If you are looking for a high quality portable cooler with style, look no further.

# PLUMBING, GAS & WATER

## Comet London Cold Tap Black/Chrome (With Micro Switch)

J41442

Comet London Mixer Tap. Supplied in an all chrome finish. Features a 17cm neck. The tap stands 4cm tall when folded down.

## Comet London Mixer Tap Chrome (With Micro Switch)

J41443

Comet London tap, supplied in an all chrome finish. With a 17cm neck the tap stands 4 cms tall when folded down.

## Comet Roma Mixer Tap (With Micro Switch)

J41444

The Comet Roma is a single lever mixer tap with spray outlet and built in micro switch. Finished in Chrome this requires a 35 mm hole in the work top for fitting supplied with two 1/2" barbed tails.

## Comet Super Nova Single Tap

J41445

Comet Super Nova single tap. Finished in chrome. For cold water only. Features a built in micro switch and supplied with a 8 to 10 mm 45 degree barbed hose tail.

Please Note: Requires a 3/8" hole in the work surface to fit.

## Comet Florenza Tap With Smev Lever - Cold Only - 12mm Barb Fitting

J41827

Compliment your Dometic Smev sink with the correct size mixer tap. Manufactured in hard-wearing plastic with a chrome look finish.

To fit this requires a 35mm hole.

## Adjustable Sink Tap 12v

J11793

Adjustable sink tap. Runs on 12v power. Perfect to fit with a new sink or retro-fit to an existing sink unit.

Features a built-in 12v switch and wiring ready to plumb into your existing sink.

## Comet Florenza Tap Hot & Cold Feeds With Smev Lever - 12mm Barb Fitting

J19587

Will fit the majority of Dometic, Smev, Cramer sinks and mobile kitchens.

## Bullfinch External Shower Point J27695

Individually packed with fixing screws. Ideal for showers, washing pets and other articles. Comes complete with shower head and hose assembly. It uses existing hot and cold water supply. Inserting the shower assembly locks it in place and turns on the water. Temperature adjustment can be made by simply turning the lever.

## Bullfinch Water Inlet Point (with pressure limiter)

J27694

Allows easy filling of water tanks. Pressure limiter reduces mains water pressure to prevent damage to internal piping and equipment installed. Fits universal hose connections.

Connection into caravan/motor home system takes 12mm pipe and is push fit for easy connection.

Dual usage: water fill up from mains supply and from tank.

Comes with air vents to release excess air during filling.

For ease of installation you will need a 60mm cutter.

### Fiamma Water Tank 70 Litre

J17521

Fiamma 70 litre water tank with large cap for ease of cleaning, supplied with Lid Seal and fixings.

### 12 Litre Space Saving Wide Neck Canister

J41933

Made from heavy duty plastic and measuring 42 x 26 x 12 cms. This 12 litre wide neck water carrier is ideal for use in enclosed spaces.

### Heavy Duty Jerry can

Manufactured from HDPE plastic this heavy duty Jerry can is ideal for fresh or waste water.

**5ltr**  
J41284

**10Ltr**  
J41285

### Roll Tank Waste Hog Water 45 Litre

J17522

Portable 45 litre roll tank for waste water. The large cap makes easy cleaning and rinsing. Supplied with level indicator, air release valve and a 45 degree angle adaptor.

### Fiamma Fresh Water Tank 23 Litre

J15808

Convenient and portable 23 litre roll tank. Comes complete with an extra cap for immersion pump if required.

### Fiamma Roll Tank 23 Waste

J17523

### 23 Litre Waste Water Jerry Can

J17527

This compact waste tank has a unique twin handle design perfect for pouring and two caps for easy filling and cleaning

### Fiamma Expansion Tank A20

J17520

The expansion tank eliminates the pulsating operation of the pressure switches and assists the flow of constant water at the required quantity.

### Fiamma Aqua 8 10lt 12v

J17519

Comes complete with the 'Silent Kit' which helps to eliminate vibrations.

Comes complete with straight and right angled 13mm pipe connectors.

### Water Pump Foot Switch (12v)

J11694

This simple water pump foot switch (12v) can be used with a water pump..

### Whale Submersible Water Pump 10 Litre (12v)

J11693

This fully submersible water pump (12v) is ideal for use in either temporary or permanent water tanks. Designed for use with our water hose (J12057), and pumps 10ltr per minute.

### Reich Twin Submersible Water Pump (19 Litres)

J30490

Quality Reich product. 19L Twin submersible water pump. Delivers 19 litres per minute. 12v, 1.4 bar. With automatic vent, strainer and non return valve.

### Gas Bottle Holder Suits 7Kg Gas Bottles (900mm Strap)

**J11935**

Camping gasses are heavier than air, so in the interest of safety you should store your gas bottle in a secure metal locker with correct ventilation, ensuring if your gas bottle does leak it will safely vent through the floor.

# ELECTRICAL

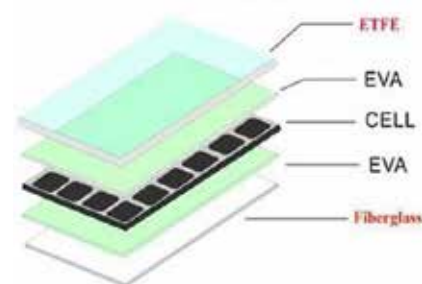

**5 YEAR  
MODULE  
WARRANTY**

## **100w Solar Panel Roof Mount Kit J41453**

The solar panel is made from a brand new flexible material, so it can conform to the curves of your vehicle. The high power crystalline cells are totally waterproof and protect from hot spots.

The flexible material also has the ability to remould to its original shape, so any dents or scrapes across the surface will heal themselves. Comes with a Twenty Year cell output warranty and a Five Year module warranty.

## **100W Ultralight Semi Flexible Solar Panel**

**J42566**

Light weight Semi Flexible Monocrystalline solar panel to keep your leisure or vehicle battery charged.

Connect to your battery when connected through a separate charging controller (Not included - J42279). It can be directly bonded in place, hung or attached by the integrated eyelets

### **Mystified by solar?**

Read our blog for guidance...

[www.justkampers.com/jkblog/power-up-demystifying-solar-panels-210](http://www.justkampers.com/jkblog/power-up-demystifying-solar-panels-210)

## **100W Ultralight Semi Flexible Solar Panel Kit (Top Outlet) J42671**

Light weight Semi Flexible Monocrystalline solar panel to keep your leisure or vehicle battery charged.

Connect to your battery or batteries when connected through the separate twin charging controller and 5 Meter extension leads which are both included. It can be directly bonded in place, hung or attached by the integrated eyelets.

(MC4 Connectors J42669 and Spanners J42670 Sold Separately)

You can upgrade this to a 200w solar system by adding another 100w panel (J42566) and 2 x 'MC4 Y' connectors (J43144).

**Kit items can be bought seperately**

**50W Ultralight Semi Flexible  
Solar Panel  
J43143**

**20A Solar Dual Battery  
Charge Controller  
J42279**

### 100W Ultralight Fold Up Solar Panel Kit

**J42558**

This highly portable fold up Monocrystalline Photovoltaic solar panel kit is a quick and easy way to keep your leisure or vehicle battery charged. Connects direct to the battery with crocodile clips.

This panel is supplied with

1 x Charge controller with LCD display

A pair of crocodile clips with connector

1 x 5 meter extension lead

With integrated stand and charge controller all you need to do is set up the panel and connect directly to your battery. It can also be hung or attached by the integrated eyelets with the use of guy lines or bungee cord (NOT SUPPLIED).

### 2x 50W (100W) Ultralight Semi Flexible Black ETFE Solar Panel Kit (Top Outlet)

**J43345**

Two Light weight Semi Flexible Monocrystalline solar panel to keep your leisure or vehicle battery charged.

Connect to your battery or batteries when connected through the separate twin charging controller and 5 Meter extension leads which are both included. It can be directly bonded in place, hung or attached by the integrated eyelets.

(MC4 Connectors J42669 and Spanners J42670 Sold Separately)

### 4W Solar Battery Maintainer

**J41699**

Quick and easy to instal this 4 Watt solar battery maintainer features a folding stand allowing it to be placed in a convenient place to allow charging and maintenance of your battery.

With a battery charge LED indicator and a set of leads allowing either direct battery connection or through an in car 12 volt socket in a self contained folding case.

### Ring Dashboard Solar Panel (1.5w)

**J13058**

Keeps a battery topped up when your van or bus is not in use, constantly replenishing your vehicle's battery by sending a maintenance-level charge.

Comes with a 2.7m lead, crocodile clips and cigarette socket plug.

### Solar Panel 4mm Cable 2 x 5m Extensions With MC4 Connectors

**J42668**

This cable has a male connector on one end and a female connector on the other end.

Use them to extend module output cables or cut anywhere along the wire to obtain the needed length of male and female cable to run from string of modules to a combiner box or to a longer cable.

### MC4 Spanner Pair for Solar-PV DC Cable Connecting Plugs

**J42670**

### MC4 Y Solar cable connectors

**J43144**

### Waterproof Double Cable Entry Gland Box for Solar Panel Cables

**J43145**

### MC4 Solar Panel Male and Female Connectors

**J42669**

### Mains Hook-Up Kit (Surface-Mounted, 240v)

**J11915**

Our mains hook-up kit (surface-mounted, 240v) is all you need to install 240v power in your caravan or camper. Included in the kit is a surface-mounted inlet socket, consumer unit with breakers, 2 x 13amp switched sockets and all cables and fittings.

One satisfied JK customer described it as "A well thought out 240v hook-up solution with all the bits and simple instructions to follow."

### Mains Hook-Up Kit (Flush-Mounted, 240v)

**J11916**

Our mains hook-up kit (flush-mounted, 240v) is all you need to install 240v power in your caravan or camper. Included in the kit is a flush-mounted inlet socket, consumer unit with breakers, 2 x 13amp switched sockets and all cables and fittings.

Aperture Size: 91mm x 78mm x 78mm

External Size: 110mm x 104mm

### Mains Hook Up Extension Lead

A 25 metre Mains Hook Up Lead fitted with a CEE 16 amp plug and the 16 amp Female coupler.

**25m**  
**J11648**

**15m**  
**J39864**

**10m**  
**J11851**

### Triple Mobile Mains hook up Unit

**J41346**

Free standing mains supply unit, featuring three outlet sockets. Unit has a built in RCD for added protection with 15 metres of lead with a standard mains site socket.

### Mains 2 Way Splitter

**J41343**

Mains two-way splitter. Features two 240 volt mains hook up leads. Allows you to divide power to separate leads.

### Mains Hook-Up Inlet Socket (Flush-Fitting)

**J12806**

Requires an aperture of 78mm x 78mm x 91mm to fit. The overall external size is 110mm x 104mm

### Mains Angled Inlet Surfaced Mounted Hook Up Adaptor (240v/16a)

**J29444**

Used as a mains inlet point on campers and caravans.

### MPK Flush Fitting Mains Hook Up Adapter (White)

**J41291**

Overall Dimensions of the box are Height 15.2 x Width 7 x Depth 9 cms

The hole size required to fit is Height 13.5 x width 10 cms.

**Site Plug - Male (16 amp)**  
**J27777**

**UK Mains Hook-Up Adaptor (3-Pin)**  
**J12471**

**Continental Mains Hook-up Adaptor (2-pin)**  
**J11850**

**Mains Conversion Lead (with UK Socket)**  
**J29445**

### Sargent EC155 Power Supply Unit & Charger J27912

The EC155 / EC50 Complete Electrical Kit are ideal for people who are thinking of converting their own camper van or motorhome conversion. So if you have a one off van conversion to build this unit is the perfect solution for you.

This kit contains an EC155 power supply unit with a EC50 control panel which is connected with a 2m control lead. Also contains a DIY harness which simply plugs onto the electrical unit and give all the available 230v and 12v inputs & outputs for you to terminate to.

### Sargent AC50 Control Panel (Graphite Surround) J27911

The AC50 control panel is laid out in an intuitive manner so that you can access information and operations easily. It has an easy to use switch design to control Power, Entry Light, Water pump, and to read the battery level. This panel requires a separate relay to turn the leisure power on/off.

### Zig Charging & Distribution System CF8 (Black) J27905

A charging and distribution system from Zig certified to British Standards NCC and SMMT safety regulations.

Battery charger and reducer (230-12v conversion) with a battery up to 4.5 amps continuously.

Panel has - 3 x 10amp switched fused outlets, battery condition monitor, automatic resetting, current overload and thermal trip.

### Westfalia Constant and Charging Electrics Kit J40271

Quality Westfalia product. This constant charge and extension kit is for use with a 13 pin electric socket. This allows a constant live and the use of vehicle charging to your towed caravan.

We recommend this kit is fitted by a qualified auto electrician.

### 6-Way Auxiliary Fusebox J11327

Quality Just Kampers product. Planning to fit a leisure battery or adding electrical accessories to your van? Play safe and protect them properly with our 6-way auxiliary fusebox. Don't forget to order your fuses (J13120) at the same time.

### Single Blade Fuse Holder J27768

Single blade fuse holder. 2 or more can be clipped together.

### Mains Double Consumer Unit J41355

Mains double consumer unit. Features a 25 Amp Residual Circuit Breaker and 10 Amp Double Pole Miniature Circuit Breaker

### 4 Way Auxiliary Fuse Box J41360

Four-way auxiliary fuse box. Ideal for use with leisure batteries.

Requires blade fuses (J13121), which are sold separately.

### Blue Heat Shrink Butt Terminals (Bag of 5) J42564

### Versatile In-line Fuse Holder (Universal) J10933

### Vertical Mains Powerdock With USB Connectors

**J41408**

Brilliant space-saving product. Vertical power dock with three UK-style 13 amp sockets and two 700ma USB connectors. Stays hidden away in a cupboard or kitchen unit until you need it, when it pops out to give you a range of charging options.

IP54 rated when closed away.

### Hafele USB Charging Socket

**J41582**

Quality Hafele product. Charging socket with two USB ports. Ideal for charging mobile devices and tablets from your camper or motorhome.

Please Note: When fitting you will also require the cable J41583

### Hafele USB Charging Socket Connecting Lead

**J41583**

A 50 cms long connecting lead for use with Hafele USB charging points.

### Alfacharge Integrated Wireless Phone Charger

**J43260**

Wireless charging is becoming more and more the preferred method of charging the battery in mobile phones with most of the latest designs from the major manufacturers including this feature as standard.

The AL3 wireless charger is designed for installation into vehicles such as buses and campers to allow passengers to charge their mobile telephones while on the move. Typical installations are into table tops. An 80.0mm hole is required in the table and the unit is then installed through the table and secured underneath providing an unobtrusive and functional enhancement of the passenger experience.

### Powerverter Pro USB Double Charging Socket (Rear Fitting Ring)

**J42307**

### Powerverter Pro USB Double Charging Socket (Front Fitting)

**J42308**

The PowerVerter USB chargers offer an advanced design that effectively counteracts the voltage drop common when output currents vary as different devices charge at different rates. This avoids the common problem of the phone or tablet indicating it is charging when in fact very little current is being supplied. They also have an exceptionally low quiescent current of less than 2mA meaning that multiple devices can safely be installed throughout buses and coaches without materially discharging the battery.

They have been designed to meet the rigorous standards required for on board commercial vehicle applications including BS EN50498 and ISO 7637-2 and are both CE and E marked. The casings are made from V0 rated (self-extinguishing) high impact polycarbonate and the electronic assembly is predominantly by computer controlled SMT for maximum reliability. All versions have a subtle blue LED light to highlight their location on the vehicle

### Battery Isolation Switch (Rated at 100amp)

**J11858**

Battery isolation switch. Allows you to switch your leisure or main battery on or off. Features a removable key for added security.

Suitable for 12v or 24v single pole batteries. The switch is rated at 100amp.

### Spare Battery Isolator Switch Key

**J29443**

### Quick Release Battery Terminals

**J11476**

Quick release battery terminals. Ideal if you're planning to fit a leisure battery, or if you wish to isolate your main battery for storage or security. They make the job easier, quicker and safer.

### Universal Battery Clamp Kit

**J41572**

A universal battery clamp used when fitting a leisure battery. Suitable for use with VW T2 Bays from 1967 to 1979 and VW T25s from 1979 to 1992.

### Leisure Battery Box

J16910

Made from acid resistant high strength polypropylene, this battery box will keep your leisure battery in a dry and safe environment.

**428mm x 270mm x 242mm**

J16910

**340mm x 270mm x 238mm**

J16909

### Heavy Duty Split Charge Relay 4 Pin (100A) With Connectors

J41601

Heavy duty, 100 amp split charge relay with automatic off default. Supplied with connectors. Suitable for 12 volt applications.

### Power Management System Wiring Kit (With Voltage Sensing Split Charge) VW T4 1990 to 2003, T5 2003 to 2015

J41604

Power management wiring kit. Supplied with a pre-wired 140 amp voltage sensing split charger.

Also included is the wiring to convert a standard VW T4 or T5.

Supplied with fitting instructions.

The voltage sensing solid state relay only allows current to flow between both batteries once the main vehicle battery is charging above 13.7 volts it will automatically disconnect both batteries when the voltage drops below 12.8 volt

### Brass Battery Terminals (Pair)

J41294

Brass battery terminals. Supplied as a pair. Negative and positive battery terminals. Suitable for main battery or leisure batteries.

### Dual Charging Kit 12v

J10520

Quality Hella product. Fits all VW models with 12v electrics. Supplied with 6.5m of relay wiring and easy-to-follow instructions.

Please check the amount of amperage draw you will be using, if it's more than 15 amps, we recommend you use our heavy duty relay: J41601

### Smart Alternator DC Split Charging System For VW T6 and Bluemotion T5

J42667

The Later T5 Bluemotion and T6 are fitted with variable voltage charging systems to help reduce emissions, this means conventional VSR relays are no longer appropriate to use. Therefore we have it covered with the intelligent CTEK D250SA charger. This unit is highly reliable and has a built in solar controller to take panels of up to 200W.

The CTEK charger is powered from the starter battery which charges the leisure battery whenever the engine is running. With a continuous output of up to 20 Amps

This kit comes with the wiring system built to the correct specifications using professional equipment and expertise. It is fused at either side using 30A fuses to protect your cabling and the charger. The wiring system is made from 6.0mm<sup>2</sup> wire and is full labelled ready to install.

### Voltage Sensing Heavy Duty Split Charge Relay VW T4 1990 to 2003 T5 2003 to 2015

J41602

Voltage sensing split charging kit. Supplied complete with a 3.5 metre, 16mm 110 amp power cable, a 6 way fuse box and fitting instructions. Allows you to mount your leisure battery under the drivers seat.

Ideal for T4s from 1990 to 2003 and T5s from 2003 to 2015.

### Ignition Triggered Heavy Duty Split Charge Relay VW T4 1990 to 2003 VW T5 2003 to 2015

J41603

Ignition triggered split charging kit. Suitable for T4s from 1990 to 2003 and T5s from 2003 to 2015. Pre-wired kit, quick and easy to fit.

Supplied complete with a 1.5 meter, 16mm 110 amp power cable and 6 way fuse box and fitting instructions. Allows you to mount your leisure battery under the drivers seat.

# LIGHTING

## 12v LED Switched Spot Lamp J40238

Stylish single spot 12v LED light. Features a built in on/off switch and swivel base.

Fits all vehicles with 12v electrics.

Brighter, more practical and better looking than the standard interior lights in your bus.

This is a quick, simple way to make a big difference to your next camping trip. Whether you're looking for your phone in the dark or trying to read a map at night, this swivel spotlight can make things much, much easier!

## Slimfit Interior Light (12v) J11480

Additional interior light with on/off switch. Uses 2 x 8w bulbs and runs off a 12v system. 37cm x 6cm x 4cm.

Unobtrusive when not switched on, this compact slimfit interior light is ideal for use inside any camper van or motorhome.

## 12v 18 LED Aluminium Swivel Light J18605

12v aluminium swivel light. Features 18 LED bulbs. 210mm x 16mm.

Quick and easy to install, it's ideal if you need extra light in your camper. Features a mini rocker switch, and can be adjusted to suit your needs.

## 12 Volt LED Downlighter J41409

12v, 2w downlighter. Finished in satin stainless steel. Features 24 super efficient LED bulbs. Can be surface mounted or, by removing the outer ring, can be recess fitted.

## Hafele LED Light Rocker Switch (Black) J41612

Rocker switch and wiring for LED lights. Finished in black. Suitable for use with our range of Hafele LED lights.

## Hafele 12 volt LED Downlighter J41574

12v LED downlighter. Ideal for mounting on ceilings, walls or under cabinets.

## Loox LED Reading Light (with USB charging ports)

This Loox 12 volt LED flexible reading light features two integrated USB charging points and three position switch; off, 50% light and 100% light.

Supplied with 2 metres of lead terminated with a Loox 12 volt connector.

## Aluminium J41410

## Black J41411

## Hafele 12 volt LED Downlighter (Polished) J41576

12v LED downlighter. Finished in polished aluminium. Extremely bright with a luminous flux of 105 lm. Suitable for use in zone 1 areas these lamps can be recess mounted in any suitable surface.

Supplied with a 2 metre cable.

## 12v Recessed LED Light J18609

12v recessed LED interior light. Clean, non-intrusive design. Features a convenient swivelling head and bright LED bulbs.

115mm x 77mm x 38mm.

Simple to install once you've found the right spot for it!

# HARDWARE & FITTINGS

**Flush Push-Button Cupboard  
Doorknob 25mm (Nickel)**  
J12755

Protruding doorknobs can be a problem in confined spaces such as the interiors of campervans.

**Push Lock 22 mm (Nickel)**  
J29228

Locking push button door knob with grey lock. Push mechanism and rosette are Nickel in colour. Includes striker plate. 22 mm

**Push Lock 15mm (Nickel)**  
J29223

Locking push button door knob with grey lock and Nickel coloured push mechanism with matching rosette. Includes striker plate. 15mm thick board

**Push Lock 15mm Nickel (Matte  
Silver)**  
J29175

Push button locking door knob Nickel (Matte Silver) with brown lock. Includes striker plate.

**Push Lock 15mm (Chrome)**  
J29176

Push button locking door knob with brown lock and Chrome / polished Silver push button 15mm Include striker plate.

**Push Lock 15 mm (Chrome)**  
J29224

Locking push button door knob with grey lock. Push mechanism is chrome colour with matching rosette. Includes striker plate. 15 mm.

**Cupboard Rocker Catch (White)**  
J39436

White rocker catch for cupboards and lockers. Made from long lasting, hard wearing plastic. Easy to fit and easy to open, but won't swing open when you don't want it to!

**Push Button Lock 25mm  
(White)**  
J41590

Sold as singles this white push button lock can be used in either left or right hand applications.

Please note you will need to order the knob and rosette separately

For 25mm thick board.

**Push Lock Knob and Rosette (Matt Nickel)**

**J41587**

Designed to last for years. Sold individually. Matt, nickel-plated push lock knob and rosette. Designed for use in 16mm thick doors.

**Push Lock Knob (16mm) Nickel (Matt Silver)**

**J41386**

Silver knob for push button locks. Finished in nickel / matt silver. Sold individually. 16mm, with a backset of 15mm.

**Push Lock Rosette Nickel (Matt Silver) For 19mm Push Lock Knob**

**J41387**

Sold as singles this nickel (matt silver) rosette is suitable for 19mm push lock knobs.

**Hafele Mini Push Lock (Grey)**

**J41373**

Mini push button lock, finished in grey plastic.

Features a backset of 15mm. Can be used for left- or right-hand applications.

This is the lock only the knob and rosette must be ordered separately.

Suitable for 15mm thick board.

**Push Lock Knob (16mm) Polished Silver (Chrome)**

**J41379**

Plastic knob for push button locks. 16mm. Finished in polished silver / chrome. Sold individually. Ideal for our push locks: J41376, J41375, J41374, J41373, J41372.

**Push Lock Rosette Polished Silver For 19mm Push Lock Knob**

**J41382**

Plastic rosette for push button locks. Finished in polished silver. Sold individually. Suitable for use with 19mm push locks.

**Push Lock Body (Brown)**

**J41372**

Push lock body. Sold individually. 15mm backset. Suitable for use with 16mm thick doors.

Features a plastic case and metal mechanism. Closes almost flush to the front of the door.

Please Note: This is the lock only the knob and rosette must be ordered separately.

**Spring Sustainer (130mm)**

**J27746**

Replacement spring sustainer. 130mm long. Ideal for use with flip-up tables in VW Camper interiors, such as the Westfalia camping table.

**Spring Sustainer 25 cms**

**J27747**

Replacement spring sustainer. 25 cms long. Ideal for use with flip-up tables in VW Camper interiors, such as the Westfalia camping table.

# SWIVEL SEATS

## **Seat Swivel Plate VW T2 Bay 1974-1979 & VW T25 1979-1992**

**J18046**

Simple and easy to fit. Fits both passenger or drivers side original Volkswagen seats.

Caravels may need modification to box lid, and also doors need to be opened to swivel chair due to the armrests.

Please Note: This can only be used on vehicles with a walkthrough, and can not be used with a twin seat or fixed seat.

## **Sportscraft Swivel Seat Base T4 1997 to 2003**

**J18042**

Quality Sportscraft product. This TUV certified single seat swivel seat base. Fits nearside (left) or offside (right) on T4s from 1997 to 2003.

Supplied with fixings simple and easy to fit. Allows you to rotate the seat to face the rear, letting you take full advantage of your T4's interior comforts when parked up.

Please Note: Can only be used on vehicles with a walkthrough these can not be used with a twin seat. If fitted to the drivers side the hand brake must be released to swivel the base.

Hole Centres are approximately - Side to side: 385 mm and Front to back: 375 mm.

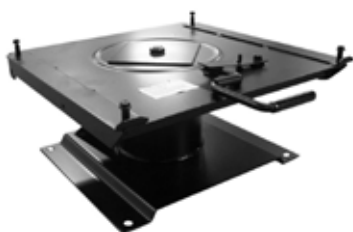

## **Seat Swivel Base with Seat Box & Safe T4 1997 to 2003**

**J18043**

Quality Sportscraft product. TUV-approved swivel seat base, with integrated safe. Fits nearside (left) or offside (right) on right-hand drive T4s from 1997 to 2003. Also fits passenger side only on left-hand drive T4s from 1997, to 2003.

Please Note: This can only be used on vehicles with a walkthrough these can not be used with a twin seat. If fitted to the drivers side the hand brake must be released to swivel the base.

## **Swivel Seat Base T4 1990 to 1996**

**J18041**

Fits T4s from 1990 to 1996 with a 'walk through' from the cab to the rear.

Simple to install. Allows you to rotate the seat to face the rear, letting you take full advantage of your T4's interior comforts when parked up. .

Please Note: The Handbrake needs to be off to swivel the drivers seat around, otherwise it fouls the handbrake lever. We advise that the vehicle should be left in gear.

## **Swivel Seat Base (Passenger) VW T5 2003-2015 VW T6 2015-**

**J18044**

This is a fantastic quality T5 & T6 swivel seat base. Fully TUV approved, it fits the passenger side on right-hand drive T5s and T6.

Allows you to rotate the passenger seat to face the living area of your van, when stationary, of course!

Please Note: Can only be used on vehicles with a walkthrough these cannot be used with a fixed twin seat.

Only locks in place when facing forwards

## **Swivel Seat Base (With Seat Box & Safe) VW T5 and T6**

**J18045**

This is a fantastic quality swivel seat base, complete with an integrated box and safe. It's fully TUV approved and thoroughly tested.

Fits nearside (left) or offside (right) on T5s and T6s.

Allows you to rotate the seat to face the living area of your van - when stationary, of course!

The heavy duty steel box safe hidden beneath the seat cushion gives excellent security for valuables or travel documents when you're on the road or parked up.

Please Note: This can only be used on vehicles with a walkthrough these can not be used with a twin seat.

### Seat Swivel Base (Drivers) VW T5 and T6

**J18059**

T5 swivel seat base with a UK Spec Handbrake Relocation Kit . TUV approved. Fits the drivers side on right-hand drive T5s and T6.

Allows you to rotate the driver's seat to face the living area of your van, when stationary, of course!

Please Note: Can only be used on vehicles with a walkthrough these cannot be used with a fixed twin seat.

### Front Seat Swivel Base (Drivers/ Passenger) (With Leisure Battery) T5 and T6's

**J39494**

TUV-approved single swivel seat base. Fits passenger or drivers side on T5's and T6's. Suitable for vehicles with a leisure battery located under a seat.

Please note if fitting to the drivers side you will also require the handbrake adapter J18060 or J40274.

Please Note: It does raise the seat around 27mm and If your T5 is fitted with the newer style seats and has a leisure battery fitted, you will need this base and the older sliding metal bar (J39491).

### Double Seat Swivel Base T5 and T6 (RHD)

**J39383**

Double seat swivel base. Fits right-hand drive T5s and T6. Allows you to rotate your double passenger seat 180 degrees and transform the living area of your camper van! This swivel bolts to the floor of the van below the seat box.

### Seat Swivel With Safe Base Hand Brake Relocation Bracket T5 2003 to 2015, T6 2015 on

**J40193**

Hand brake relocating kit. Ideal if you're fitting a swivel seat base safe (J18045) to the driver's side of your T5. Fits T5s from 2003 to 2015, T6 2015 on.

The bracket mounts and lowers the hand brake lever, allowing the driver's seat to swivel without snagging the hand brake.

### Handbrake Relocation Kit for Seat Swivel Base T5 and T6 Right-Hand Drive

**J18060**

Complete handbrake relocation kit. Ideal for use with swivel seat bases. Allows the driver's seat to rotate without snagging on the handbrake lever. Fits right-hand drive T5s and T6s. Includes all fittings required to install.

### Handbrake Relocation Kit Left-hand Drive VW T5 & T6

**J40274**

Good quality reproduction product. Complete handbrake relocating kit. Used when fitting a swivel seat base (J18059 or J18045) to the driver's side of your T5 (Left Hand Drive Only). The bracket lowers the handbrake lever, allowing the driver's seat to swivel without snagging the handbrake.

Please Note This can only be used on vehicles with a walkthrough these can not be used with a twin seat.

# HOW TO FIT GLASS

# K

**Step 1:** Choose from Just Kampers range of over 200 different windows, both sliding and fixed.

**Step 2:** Check glass on arrival to make sure it is the right size and undamaged.

**Step 3:** Mask the vehicle, when cutting, sparks can fly a long way.

**Step 4:** From the inside, drill the 5 'marker holes' in each corner where glass is being fitted.

**Step 5:** From the inside, mark up the straight lines, where you need to cut through the inner strengthens. Then with a 1mm thick 'slitting' disc cut to join the 5 'marker holes' in each corner. Then use a jig saw to cut between the 5 drilled holes.

**Step 6:** From the outside remove burrs and tidy up the corners. This can be done with a flat and half round file.

**Step 7:** Use the primer to seal the bare metal edges to prevent rust.

**Step 8:** Clean the panel work with the alcohol wipes. Now apply the primer in a line, remembering the same will be done on the glass and between the two lines of primer will sit the bonding mastic.

**Step 9:** Fit the suction handles to the outside of the glass. Clean the inside of the glass with the alcohol wipes.

Now apply the primer in a line, remembering the same has be done on the body and between the two lines of primer will sit the bonding mastic.

**Step 10:** Now apply a neat line of the bonding mastic to the inside of the glass.

**Step 11:** Using the suckers lift the glass into place and align. You need to be reasonably quick. If you are fitting 2 windows to one side, make sure you do them straight after each other so you can align them both up.

When you are happy with position, tape them and press them firmly in place.

**Step 12:** Once you are happy with the glass positioning and it's all taped up, remove protective masking (but not tape holding the glass in place).

For more detailed fitting instructions watch the video or download the pdf at [justkampers.com](http://justkampers.com)

# GLASS

We stock a comprehensive range of glass, windows and bonding kits for all popular Camper Van conversions. Our glass is manufactured with 33% light transparency and features two hidden drain plugs, a top-quality moulded plastic frame and is packed and sent in specially manufactured 'airbags' to ensure they get to you undamaged.

## **Fiamma Vent White (50cmx50cm)**

**J17505**

Wide pantograph rooflight that opens on all four sides with practical handles. Maintains ventilation constant in the vehicle and now comes with standard roller blind with two rollers, one dark and one with mosquito screen. Assures permanent ventilation. Locking anti-theft device on the handles. Rainproof and windproof.

## **Fiamma Vent Crystal**

**J17512**

This roof vent has a aerodynamic advantage thanks to its elegant external profile top. During high speed the noise and vibrations are greatly reduced. Made from high quality UV ray-resistant materials.

Supplied with permanent air flow ventilation and mosquito screen.

## **Fiamma Roof Skylight (White) for Roof Depth of 2.5cm to 4cm (Fits 35cm hole with modification)**

**J13404**

Aerodynamic, thanks to its elegant external profile top, this high quality Fiamma roof skylight is intended for vans with a roof depth of 2.5cm to 4cm. In high-speed tests, it greatly reduced noise and vibrations and, thanks to the new outside cover and exclusive patented rubber seal, the system is watertight. Supplied with permanent air flow ventilation and mosquito screen.

Please Note: You will need to source suitable fittings and silicone to install this product.

### Tailgate Vent Lock T5 2003 to 2015

J29558

Tailgate vent lock. Fits T5s from 2003 to 2015. Allows you to leave your tailgate ajar for ventilation, without the risk of people being able to access your vehicle.

Made from solid metal, it allows the tailgate to be left open by approximately 100mm, but still locked. It can only be removed by unlocking the tailgate. Also works with central locking.

### Tailgate Vent Lock T4 1990 to 2003

J12097

Tailgate vent lock. Fits T4s from 1990 to 2003. Lets you leave your tailgate open a little without the risk of anyone stealing things from your van.

### Fiamma Vent 28 F Turbo Upgrade Kit

J30975

This Kit when used with roof vent J17488 creates the Turbo Vent which is ideal for venting small spaces the built in fan makes it ideal for venting bathrooms or kitchens.

Made from superior quality impact and UV resistant materials supplied with permanent air flow ventilation system and mosquito screen. Due to its internal installation system there is no need to drill holes in the vehicle.

### MaxX Fan Deluxe Tinted Remote Controlled Vent with Rain Cover (350 x 350mm)

J43708

The MaxxFan-Æ Deluxe (350x350mm) is the only complete motorhome/caravan ventilation system that incorporates a vent, fan and rain protection in a single unit.

Built exclusively with an integrated rain cover, the Maxxfan can be left open when its raining, no need to close!

Thermostat to control room temperature but having a remote control also means you can easily operate it from anywhere in the vehicle.

### MaxX Fan Deluxe Tinted Remote Controlled Vent with Rain Cover (400 x 400mm)

J43709

The MaxxFan-Æ Deluxe (400x400mm) is the only complete motorhome/caravan ventilation system that incorporates a vent, fan and rain protection in a single unit.

Built exclusively with an integrated rain cover, the Maxxfan can be left open when its raining, no need to close!

Thermostat to control room temperature but having a remote control also means you can easily operate it from anywhere in the vehicle.

### Cab Window Air Vent VW T5 2003 to 2015 VW T6 (Pair)

J39464

Quality Reimo product. Cab window air vents. Fits T5s from 2003 to 2015, and all T6s with manual windows. Allows you to leave the windows open for ventilation, without worrying that people can gain access to your vehicle! Quick and easy to fit, and can only be removed from inside the van.

Please Note: These vents are not compatible with electric windows, as they will interfere with the sensors.

### Dometic Mushroom Roof Vent (GY20 Grey Fan)

J11954

This adjustable mushroom vent can be fitted to most steel or glassfibre roofs and ensures adequate, adjustable ventilation without the need to leave windows open.

Aperture needs to be 130mm x 25mm thick

External diameter is 190mm

### Barn Door Vent Lock Stand Off VW T5 and T6

J43078

Barn Door vent lock. Fits T5s from 2003 and T6s from 2015. Allows you to leave your rear double door ajar for ventilation, without the risk of people being able to access your vehicle.

### Cranked Aluminium Table Leg J42665

The aluminium cranked table leg is strong but lightweight. This allows for easy stowage and flexibility of the table location.

# JK SOLUTION BED SYSTEM

**JK**  
EXCLUSIVE

## JK Solution Bed system

At Just Kampers we've always wanted a safe bed system with full length runners as it allows you so much more versatility when using the van.

The problem has always been the labour intensive, and non-reversible modification that had to be carried out on the vehicle.

Just as important was how comfortable it was to sit on during long journeys and to sleep on.

The "JK Solution Bed system" for T5's and T6's is the first pull tested and TUV approved bed to be introduced in the UK that doesn't need evasive modifications to your chassis.

The bed comes complete with fitted Seat belts and ISO fix points, Adjustable headrests and comes in either full width and 3/4 size options.

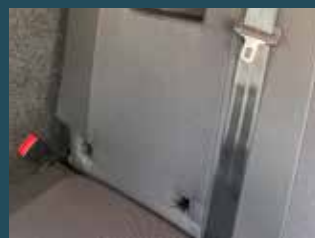

And yes, it's just as comfortable to sit on as it is to sleep on!

**Full width**  
J44363

**3/4 width**  
J44362

## FEATURES

- TUV Approved
- Pull tested
- ISO Fix (Car seats)
- Full or 3/4 width options
- Fitted seat belts
- No need to drop tank
- Multi-positional options
- Adjustable head rests
- All fittings included

# AWNINGS & CANOPIES

### Fiamma F45 Awning Mounting Bracket 400mm

**J15574**

Quality Fiamma product. Complete mounting bracket. Allows you to mount the Fiamma F45 Ti, F45 Til and Zip Awnings to most motorhomes or caravans.

The kit consists of 1 x 40cm bracket, plus the required fixing components, as shown.

### Fiamma Awning Kit Rain Guard Van (F45S or F35 Pro)

**J43081**

This creates a rain guard between the van and either the F45 or F35 pro awnings. Length 3.00m and Width 110 mm but can be cut shorted if needed.

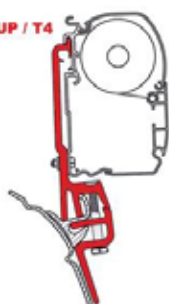

### Fiamma Rafter

**J15619**

Fiamma Rafter made in aluminium to keep the awning fabric in tension and eliminates water pooling and noisy flapping caused by wind.

Easy to install without any damage to your awning and is standard delivered with special wall clips for handy storage inside your vehicle when not in use.

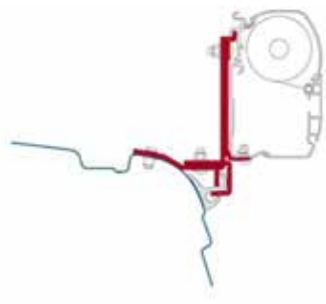

**KIT BRANDRUP / T4**

### Fiamma F45s / F35 Pro Awning Adapter Kit Brandrup for VW T4

**J19524**

If you are planning on fitting a Fiamma F45s, L, Zip or F35 Pro awning to your VW T4 Transporter you will need this mounting kit. No drilling is necessary. It contains two 8cm brackets and the fittings required.

### Fiamma F45 Adapter Kit (Reimo Rail) for VW T5 & T6

**J19523**

If you are planning on fitting a Fiamma F45s, L or Zip awning to your VW T5 and T6 Transporter you will need this mounting kit. It contains two 8cm brackets and the fittings required.

### Fiamma F45 Awning Adapter Kit (Brandrup Rail) for VW T5 and T6

**J41898**

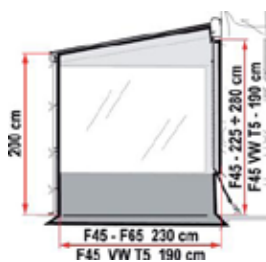

Quality Fiamma product. Awning adaptor kit, allowing you to install the Fiamma F45 awning to your van if its fitted with a Brandrup awning rail.

### Fiamma F45s Privacy Room 2.60m (VW T5)

J15981

Transform your Fiamma F45s awning into a comfortable living area with the Fiamma F45s Privacy Room - and still have maximum ventilation through all windows. The 2 side panels are quickly fastened to the awning with the exclusive patented Fiamma Fast Clip system to give a sealed fit. The edges which butt against the van are backed with sponge and held in place by the telescopic poles provided. The front panel slides easily into the front rail of the awning, and is fixed with zips at the sides.

### Fiamma F45 Pro Side Wall for VW T5

J19577

Increase the weather protection of your Fiamma F45 awning with this Fiamma quality, convenient side panel made from durable, anti-rot, washable vinyl fabric with UV protection. The Fiamma F45 Pro Side Wall for F45 Awning on VW T5 features one large, full light window plus grey extension to ground level. Installation is simple using the aluminium telescopic rafter, elastic hooks and pegs provided. Dimensions are 190cm wide x 200cm high. The side wall can be used on either side of your awning.

### Fiamma F45s Blocker Pro 260 Front Panel (VW T5)

J19534

The Fiamma Blocker Pro Front Panel is a great addition to the Fiamma F45s 260 awnings. A full 247cm in length, it features one large, full light Crystal window and vinyl extension to the floor. Made of rot proof vinyl, washable fabric with UV protection, it is simple to install using the elastic hooks and pegs provided. This blocker is also suitable for the Omnistor 5102 VW awning.

### Fiamma F35 Pro Side Wall for VW T5

J19572

Increase the weather protection of your Fiamma F35 awning with this Fiamma quality, convenient side panel made from durable, anti-rot, washable vinyl fabric with UV protection. The Fiamma F35 Pro Side Wall for F35 Awning on VW T5 features one large, full light window plus grey extension to ground level. Installation is simple using the aluminium telescopic rafter, elastic hooks and pegs provided. Dimensions are 210cm wide x 200cm high. The side wall can be used on either side of your awning.

### Fiamma F45s Blocker Pro 2.5m Front Panel

J19535

New this season, this Fiamma Blocker Pro Front Panel is a great addition to the Fiamma F45s 250 awnings. A full 250cm in length, it features one large, full light Crystal window and vinyl extension to the floor. Made of rotproof vinyl, washable fabric with UV protection, it is simple to install using the elastic hooks and pegs provided.

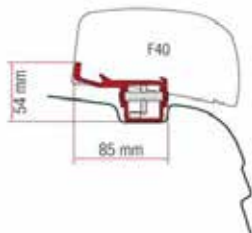

### Fiamma F40 VW T5 and T6 Transporter UK Fitting Kit

Quality Fiamma product. This fitting kit is for use with your F40 Awning. Fits VW T5 and T6 transporters with the sliding door fitted on the Left Hand side of the vehicle. UK Spec models

No drilling required.

(will not fit with a PopTop or factory VW Multi Gutter C-Rail system)

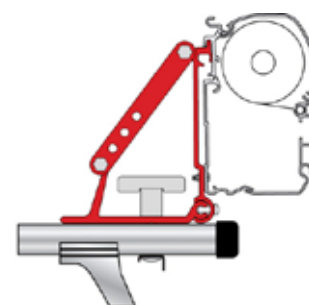

### Fiamma F40 VW T5 and T6 Transporter Non UK Fitting Kit

J43058

Quality Fiamma product. This fitting kit is for use with your F40 Awning. Fits VW T5 and T6 transporters with the sliding door fitted on the Right Hand side of the vehicle. Non UK Spec models

No drilling required.

(will not fit with a PopTop or factory VW Multi Gutter C-Rail system)

### Fiamma Kit Auto Adaptor

J30629

Suitable for installation of Fiamma F35, F45 and Fiamma Zip awnings. Use this kit if you have roof bars installed and the bars overhang the roof bar foot mount.

### Fiamma F35 Pro

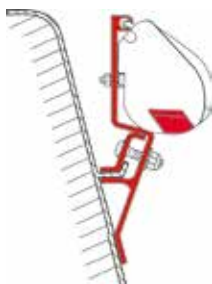

Get a lot more out of life with your vehicle with this superior quality awning. The awnings features a smart lightweight aluminium case with a waterproof, washable and UV resistant canopy. It's sturdy, easily safely operated and is has tubular rewind for wrinkle-free appearance.

#### Please Note:

F35 awnings are manufactured for LHD vehicles. This means that the brackets available situate the awning on the offside of the vehicle. This would be the opposite side to the sliding door on a RHD vehicle. Brackets may be modified in some instances to suit the opposite side. although this is not a guaranteed solution.

J19527

**Fiamma F35 Pro Adapter Kit (VW T5 Multivan / Transporter ) RHD Only**  
J42056

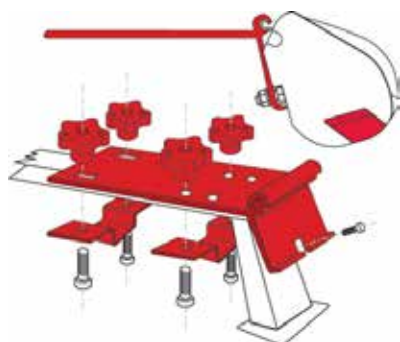

**Fiamma F35 Pro Adapter Kit (VW T5 California)**  
J19526

If you are planning on fitting a Fiamma F35 Pro awning to your van you will need one of the above mounting kits. No drilling is necessary for vehicles without pre-installed VW Multirail

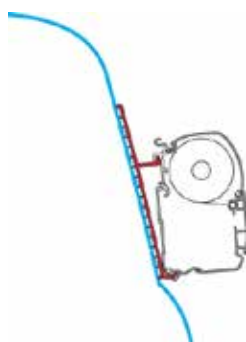

**Please Note:**

F35 awnings are manufactured for LHD vehicles. This bracket will then fit the awning on the nearside of the vehicle. This would be the opposite side to the sliding door on a LHD vehicle. Brackets may be modified in some instances to suit the opposite side, although this is not a guaranteed solution.

**Fiamma Kit Standard F35 Pro (98655-142)**  
J30631

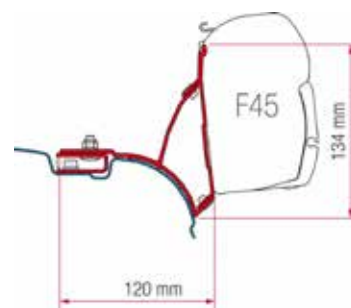

Suitable for installation of Fiamma F35 Pro awning. Use this kit if you have roof bars installed where the bars do not overhang the roof bar mount.

**Fiamma Adapter Kit Fibre-Glass Roof (98655-744)**  
J30802

2pcs. 40cm brackets

Used to fit a Fiamma awning onto a Fibre Glass Roof.

**Fiamma VW T5 & VW T6 Transporter MV LHD Fitting Kit**  
J30840

This fitting kit is for use with your F45s Awning for (VW T5 LHD) vehicles that are not fitted with a factory or aftermarket awning rail.

(NOT for the VW Multi Gutter C-Rail system)

No drilling required.

**Fiamma F35 Brackets to Fit Awning to T4**  
J15631

If you are planning on fitting a Fiamma F35 Pro awning to your VW T4 Lift Roof Transporter you will need this mounting kit. Drilling is necessary to fit the brackets. Kit contains two 8cm wide brackets and the fixings required.

**Fiamma F45s 12v Motor Kit Titanium**  
J19532

Quality Fiamma product. Another great, time saving piece of kit from Fiamma. This optional 12v motor kit can be added to your existing F45s (Titanium) awning, letting you open and close your awning electronically. There's also an override mode, if you want to extend or retract your awning manually.

Control panel and switch come as standard. Retro-fitted, the motor kit extends the width of the awning casing by an extra 13cm.

### Debus Sun Canopy

The Debus VW Campervan Sun Canopy awning takes only a few minutes to attach to a Campervan and instantly creates a large sun and rain shelter area on the side of a the van. This Sun Canopy has standard 6mm core Kador beading sewn into the rear edge which slides directly into a C-Channel type awning rail like the VW or Reimo Multi-Rail. The canopy also has a pole sleeve sewn in for a Pole & Clamp Drive-Away Kit.(J40228). This allows it to be fitted to earlier Vehicles with roof gutters.

This sun canopy awning is intended for fair weather use, whilst it will resist showers it is not intended for use in windy conditions or heavy rain.

Fits VW T2, VW T25, VW T4, VW T5 and VW T6 additional attachments may be required. See above.

**Blue Azure**  
J43352

**Brilliant Orange**  
J43353

### Just Kampers Sun Canopy Awning

Sun canopy in old school blue to match our retro awnings and complete your classic VW styling whilst keeping the sun at bay.

Supplied with clamps, these canopies are quick and easy to attach to any van with a rain gutter, and are particularly well suited to T2 Splits, Bays or T25s.

Our canopy is intended for fair weather use, whilst it will resist showers it is not intended for use in windy conditions or heavy rain.

#### Top features include:

- Made from premium grade cotton
- Features height adjustable poles that allow the canopy to stand between 1.3 and 2.3 meters tall.
- Dome shape allows more head room than flat canopies, with the added advantage of allowing rain to simply run off the canopy.
- Quick to erect, and sturdy once in place.

**Blue Cotton**  
J39632

**Orange Cotton**  
J39631

### Kampa Dometic Aluminium 1.2 Metre Awning Rail J42296

Suitable for 6mm awning beading / piping. Designed for easy installation with pre-drilled, countersunk openings every 23.5cm, or it may even be glued to your camper or motorhome using a Silicone Adhesive Sealant.

### Awning Channel (750mm) 'Figure of 8' Double Channel Strip. J12016

If you don't fancy drilling holes in your pride and joy to fit a permanently fixed awning channel then try using our 'Figure of eight' clip on awning channel. Goes onto driveaway awnings and pushes onto the gutter of vehicles. Please note the average camper / awning will require 3 strips to fit, please check your requirements before ordering.

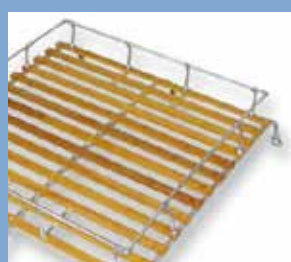

This figure of 8 strip is 750mm long with a internal bore of 8mm

Also suitable for air and water cooled models.

## **Towbar VW T25 (Steel Bumper Models) 1979 to 1992** **J11225**

For VW T25s with plastic bumpers see: J13405.

Please Note: You may need to cut the base of your bumper to clearance the tow bar.

## **Towbar VW T25 with Plastic Bumpers** **J13405**

Fits VW T25s with plastic bumpers.

# GET MORE OUT OF YOUR MODERN CAMPER WITH THESE HIGH QUALITY TOWBARS

Use in conjunction with electric kits J40169 or J40170. We also stock the filler foam J40233 for bridging the gap between the bar and bumper cover

## Westfalia Fixed Swan Neck Towbar T5 2003 to 2015 & T6 J40166

Fixed 'swan neck' towbar. Fits T5s from 2003 to 2015 and all T6s.

Consists of a tow ball and neck, which forms one piece of the towbar.

## Westfalia Detachable Swan Neck Towbar T5 2003 to 2015 & T6 J40167

Detachable 'swan neck' tow bar. Fits T5s from 2003 to 2015, and all T6s including the 4Motion. This is the ideal towbar for you if you only use a trailer occasionally.

## Westfalia Two Bolt Flange Towbar T5 2003 to 2015 & T6 J40168

This is a versatile towbar which can also be used with towball mounted accessories such as bumper protectors and cycle carriers.

## Westfalia Towbar Kit T4 1996 to 2003 J40415

Towbar bundle kit. Contains everything you need to install a towbar to your T4, including the electrical components and bolts.

Fits VW T4s from 1996 to 2003. Compatible with the maximum towing weight of your vehicle.

## Towbar Bundle Deal T4 1990 to 1996 J16658

Exclusive to JK. Easy-to-fit towbar bundle kit. Fits T4s from 1990 to 1996.

Contains everything you need, including electrics pack, and bolts. It's specially engineered for T4 and is compatible with the maximum towing weight of your vehicle.

## Westfalia fixed Swan Neck Towbar T4 1996 to 2003 J40177

Clean, neat appearance with a slimmer profile to the flange tow bar. Less likely to trigger parking sensors. It's also the most affordable towbar system and is ideal for regular use.

Can also be used with an ALKO or BPW stabiliser without the need for modification, but an additional towball will have to be purchased that is ALKO compatible if you are fitting a flange towball.

If you're using a stabiliser with built in friction pads it is essential that you remove all grease and paint from the towball prior to use.

Use in conjunction with electric kits (J1087), although you will not need the bracket supplied with the kit.

### Westfalia Towbar Electrics Kit T5 2010 to 2015 T6

J40170

Quality Westfalia product. Vehicle specific 13 pin wiring kit. Fits T5s from 2010 to 2015, and all T6s. Connects from the rear of the vehicle to under the passenger seat and then up into the dash.

Specifically engineered to comply with the stringent standards of the automotive industry.

Coding activation of vehicle is required.

On some models of T5 and T6 there is no fuse board under the passenger seat. You will need a power extension cable kit J40786 or lengthen the cables yourself.

### Towbar Electrics Kit (for vehicles with towbar preparation) VW T5 2010 to 2015 & VW T6 2015 on J43540

**GTP Automatic A, B & C Powder Fire Extinguisher 1KG J18362**

Quality GTP product. Automatic powder fire extinguisher. In the event of a fire this extinguisher will work on its own, with no help from an operator.

Ideal for vehicle engine bays and most other areas where there are automated equipment operating and not usually an operator present.

Works like a sprinkler system: The head contains a glass vial containing a liquid, which expands with the presence of heat up to around 79°C then breaks the vial allowing the powder to discharge approximately 10 seconds over an area of 1 square metre. (GTP1000 model specification).

To be installed with operating head 15-90 degrees below the horizontal.

**Automatic A, B & C Powder Fire Extinguisher 2.0kg J15335**

2kg, fully automatic fire extinguisher. Functions independently with no help from an operator. Fits all VWs, and is easy to install.

Ideal for vehicle engine bays and most other areas where there are automated equipment operating and not usually an operator present.

These units work similar to a sprinkler system where the head contains a glass vial containing a liquid. The liquid expands with the presence of heat up to around 79 degrees C then breaks the vial allowing the powder to discharge approx 10 seconds over an area of 2 square metres.

To be installed with operating head 15-90 degrees below the horizontal.

**Fire Extinguisher Dry Powder 900g (with mounting bracket) J13931**

(For use on B, C class and electrical fires, containing solid materials, flammable liquids, flammable gases and live electrical equipment). Why should you carry a fire extinguisher? Every year in the UK around 73,000 cars, which equates to 200 a day, go up in flames. There are also many cases of fires in caravans and motorhomes caused by cooking accidents or faulty wiring. Having an extinguisher at hand can stop the fire from getting out of control. Our dry powder extinguishers are ideal general purpose extinguishers for your motoring or camping needs.

**Fire Extinguisher ABF Multifoam 600ml J41835**

600ml ABF multi-foam fire extinguisher. Suitable for use on flammable solids and liquids. Forms a flame-smothering seal. Suitable for use on petrol and volatile liquid fires.

**Fire Extinguisher ABC Dry Powder 1kg J41836**

1kg dry powder ABC fire extinguisher. Supplied with a powder coated mounting bracket.

Multi purpose fire extinguisher, suitable for use on ABC fires and is suitable for electrical fires.

**Fire Extinguisher ABC Dry Powder 2kg J41837**

2kg ABC dry powder fire extinguisher. Supplied with a powder coated mounting bracket.

Multi purpose fire extinguisher, suitable for use on ABC fires and is suitable for electrical fires.

**Fire Blanket 1 Metre Square J11859**

When fire breaks out, quick action with the right equipment can save the day - and your campervan! Our 1m square, BS-approved fire blanket is an essential piece of kit for your caravan or motorhome kitchen. It packs down to just 460mmx120mm.

Please Note: Delivery for all fire extinguishers is Mainland UK only

# SOUND PROOFING & INSULATION

Just Kampers have teamed-up with Dynamat, the leading automotive noise and heat reduction specialists, to provide a range of products for your VW.

Dynamat is a thin, flexible, easy to cut and mould sheet, that stops noise causing resonance and vibration by using visco-elasticity that promotes vibro-acoustic energy conversion.

In short, this is a great quality sound proofing agent!

To make things easier and take the guess work out how much Dynamat you need, we've measured the inside of a Beetle and put together a range of kits that have all the sound deadening you'll require.

## VW Beetle 1950-2003

### Dynamat Xtreme Full Coverage Kit VW Beetle 1950-2003

J42352

This kit is enough for full Dynamat coverage of a classic VW Beetle.

### Dynamat Xtreme All Panels EXCLUDING Roof Kit VW Beetle 1950-2003

J42359

Enough Dynamat for a classic Beetle EXCLUDING the roof.

### Dynamat Xtreme Door and Side Panel Kit VW Beetle 1950-2003

J42360

Enough Dynamat for your Beetles doors and side panels. Does not cover floor or roof.

### Dynamat Xtreme - Rear Bulkhead Pre-Cut Kit VW Beetle 1950-2003

J42368

Pre-cut kit for Beetle rear bulkhead, fits all models from 1950 to 2003.

Dynamat Xtreme sound damping material pre-cut to fit your vehicle.

### Dynamat Xtreme - Full Coverage Kit Panel Van VW T2 Split, T2 Bay, T25, T4, T5, T6

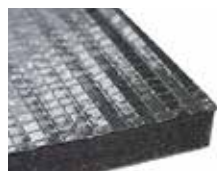

J42355

### Dynamat Xtreme Bulk Pack (nine 45x81cm Sheets)

J27787

### Dynamat Xtreme Mega Pack (Nine 61x122cm Sheets)

J27788

### Dynamat Hoodliner (19mm) 81x137cm Roll

J27792

Hoodliner is a great way to get better sound, protect your VW's paint finish and get that show car look!

### Dynamat DynaDeck 137x183cm Roll

J27793

The ultimate floor liner and excellent for the rear load area of all VW Transporters. It's ultra-durable, and has the appearance of carpet.

### Dynamat Dynaliner (3mm) 81x137cm Roll

J27789

### Dynamat Dynaliner (6mm) 81x137cm Roll

J27790

### Dynamat Dynaliner (12mm) 81x137cm Roll

J27791

Dynaliner is an ultra light weight insulator, ideal for laying on top of Dynamat.

It's durable, crush and tear resistant, and has the highest heat blocking properties available in a single layer synthetic foam-type material.

It isn't affected by oil and does not absorb water and provides acoustic isolation and excellent thermal insulation for roof, bulkhead/firewall, floor, quarter panels, doors and even as under the bonnet on T4 & T5.

### Four Way Stretch Interior Carpet

Interior carpet with a four way stretch.

An ideal, hard-wearing carpet for the interior of all sorts of campers, motorhomes and caravans.
